Registered Charity No. 1103647

## BE A FRIEND TO LIGHTS FOR LEARNING

As a charity, registered since 2004, we install solar powered lighting into schools or training centres in the developing countries of the world.

Your regular donation goes directly to the lighting installations involved. If you decide to become 'a friend to Lights for Learning' we will send you a newsletter every year telling you how we have spent your money, along with a copy of the accounts submitted to Charities House which, by law, we are required to submit every year.

If you wish to set up a standing order please fill in the Standing Order Form. Thank you for helping us.

### Standing Order Form
